

EASTSIDE STAPLE & NAIL

We have been supplying tools and specialty fasteners for almost 40 years to professional builders in the Pacific Northwest that specialize in all realms of fasteners; framing, siding, roofing, and finishing nails and staples.

While we hold a vast inventory of fasteners, we are also a fully stocked retailer of construction supplies such as pneumatic guns, staplers, saws, blades, hand tools, structural connectors, safety gear, and so much more.

Anyone can sell fasteners, but no one can offer the service and support that we provide to our customers day after day. Our fleet of delivery trucks can have orders delivered to your job site next day in the greater Puget Sound region.

We also have a full service repair shop and a mobile repair truck that will repair your tools on your jobsite. *We service what we sell!*
